

Sprint 1 Plan

OneApp

Team OneApp

Sprint Completion 10/23/17

Revision #2

**Team Members:** Nathan Phan (PO, Developer), Manav Sharma (Scrum Master, Developer), Hesham Assabahi (Developer), Yona Edell (Developer)

**Goal:** Create a basic website that allows users to register/log in, become comfortable with the MEAN stack so we can use those tools for further development.

**User Story 1:** As a user I want to be able to register an account so that I don't have to continuously reauthorize my social media accounts.

- **Task 1 :** Create registration page with fillable fields and submit button [4 hours]
- **Task 2 :** Connect registration with database [4 hours]

**User Story 2:** As a user I want to be able to log in to my account so that I can re-access my saved social media accounts.

- **Task 1 :** Create log in page with email and password field and submit button [4 hours]
- **Task 2 :** Check if account is in database and redirect to profile page if successful and error message if not [5 hours]

**User Story 3:** As a developer I want to be able to use the MEAN stack comfortably so I can develop our app successfully

- **Task 1 :** Watch the "MEAN stack front to back series" [3 hours]

**Sprint 1 Total Time:** 20 hours

**Nathan Phan:** Create registration page, connect w/ database, watch MEAN stack videos

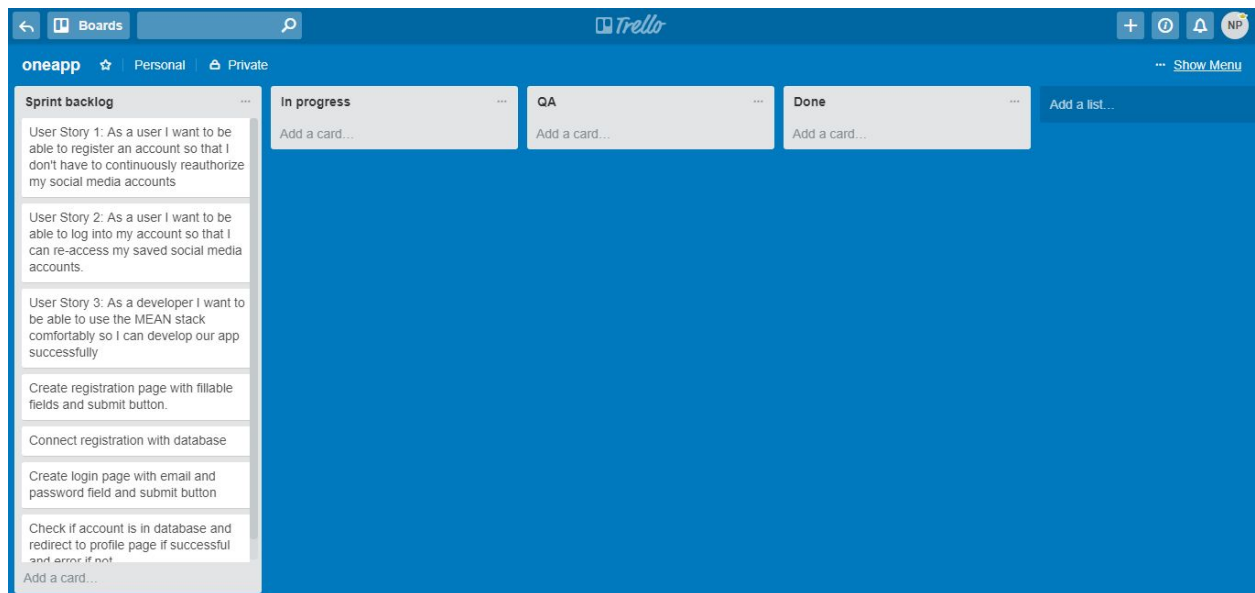

**Manav Sharma:** Create log in page, account authentication, watch MEAN stack videos

**Hesham Assabahi:** Watch MEAN stack videos, assist with log in/registration page creation

**Yona Edell:** Watch MEAN stack videos, assist with database account authentication

**Meeting Times:** Monday, Wednesday, Friday @ 4:30 PM

**Initial Scrum Board:**

**Initial Burnup Chart:**
