Sprint Completion 11/05/17

Revision #2

Team Members: Nathan Phan (PO, Developer), Manav Sharma (Developer), Hesham Assabahi (Scrum Master, Developer), Yona Edell (Developer)

- **Actions to stop doing:** None.
- **Actions to start doing:** The team should code more often and the team should schedule more group work sessions. The more we work together, the more work we will get done.
- **Actions to keep doing:** Keep up the work ethic and we should continuously meet our sprint goals this quarter. Continue to pick up tasks as previous ones are finished.
- **Work Completed:**
 - Create registration page with fillable fields and submit button
 - Connect registration with database.
 - Create log-in page with email and password field and submit button
 - Watch the "MEAN stack front to back series"
- **Work Not Completed:** Implementing API's and integrating Twitter tokens.
- **Work Completion Rate:** 10%
