System and Unit Test Report
OneApp
Team OneApp
December 2nd, 2017

Team members: Nathan Phan (PO), Manav Sharma, Hesham Assabahi, Yona Edell

User stories:
1. As a user I want to be able to register an account so that I don't have to continuously authorize my social media accounts.
2. As a user I want to be able to log in to my account so that I can re-access my saved social media accounts.
3. As a user, I want to be able to login with Twitter so that the application has my Twitter permissions.
4. As a user I would like to see my own Twitter timeline.
5. As a user I would like to see my Twitter home timeline.
6. As a user I would like to link my Facebook account.
7. As a user I want to be able to read my Facebook timeline

Scenarios:

1. Start OneApp webpage; click 'register'; type:
   - First name = <Your_First>
   - Last name = <Your_Last>
